DAILY TRIBUNE.

Tuesday Morning..... Nov. 3, 1857.

VOTE EARLY! Republican reader, the County Election comes off to-day. There are seven important offices to fill. The Republicans present you with a first-rate ticket—infinitely better than that offered by the Pro-Slavery party. The men on our ticket are honest, competent and reliable.

Do not fail to vote to-day; vote early.

DISTRICT ATTORNEY FOUR TICKETS!

The only regular Republican ticket distributed at the polls to-day, has a double engraved scroll at the top. One half of this scroll contains the word "Republican;" the other, the word "Nominations." Immediately under this scroll are the words "County Ticket," and following, are the names of the candidates closely printed in the following shape and order:

For County Judge.....WILLIAM F. SARGENT.
For Sheriff.....ALEX. H. STEVENS.
For Clerk.....H. M. GREENLEAF.
For Coroner.....EDWARD SIZER.
For County Surveyor.....JOHN F. WALLIS.
For County Commissioner.....DAVID O. ROBINSON.

ALL OTHER TICKETS DISTRIBUTED BY THE POLICE OFFICERS, ARE SPURIOUS. Buttons of tickets have been printed and will be circulated at the polls to-day, containing all the Republican candidates except the COUNTY TREASURER! Examine these spurious concerns and you will find a "For County Treasurer, MICHAEL GLEASON." Be sure and vote for AUGUSTUS H. BOLTES.

Shall the Irish rule Cook County? Answer at the polls to-day.

Republicans! Guard well against cheating and double voting in the 6th, 7th, 9th, and 10th Wards.

The Confederates were busy as bees in a sugar barrel all day yesterday—but not night. Illegal voting will be punished to a frightful extent, if the polls are not well guarded.

Remember that every vote thrown away upon the Police ticket helps the Irish ticket. A few hundred American votes wasted on the Police ticket may elect Gleason, and the whole ticket falls.

Election To-Day.

State Elections are held to-day in Massachusetts, New York, Wisconsin and Louisiana, and County Elections in Illinois.

The Democratic Precinct.

Repeating frauds will be attempted at Bridgeport to-day. The Irish are boasting that Gleason will get 200 majority there to-day.

Young Men!

Vote early, and then go and stir out your friends, and make them vote.

Work to-day and shout victory to-night. Vote for Freedom and Equal Rights.

A Libel.

The Kalamazoo Journal says: "The National Zeit, the German organ of DOUGLAS in Chicago, has charged that the witnesses who testified to Mr. CARL SCHURZ'S five years residence in this country, committed perjury; and an action for libel will be commenced against that sheet at an early day."

Gleason's Voters!

The Irish Catholics intend to intimidate you to-day at the polls! They expect to frighten you out of the exercise of your privileges as citizens of the United States! Go to the polls and vote against those who killed your friends at the ballot-box last spring. The Italian Democracy would drive you from the polls if they dared. THE FRIENDS WILL SEE THAT YOUR VOTES ARE GIVEN AND NOT INTERFERED WITH!

The Prayers of Chicago!

The leaders of the Irish Democracy boasted yesterday that they would carry this city and elect MIKE GLEASON, the Tweedler who issued the infamous order to the County order men, by thousands of dollars, out of revenues which are collected reported as being in his hands on the 1st inst. They offered to bet large sums on Gleason's election. They will succeed unless you go to the polls and vote! Leave nothing to chance. Depend upon it, every vote will be counted. Depend upon it, every vote will be counted.

Intimidation.

To bear in remembrance a quiet, peaceful election to-day. We hope there will be no rioting or quarrels; but we hear reports and rumors from the enemies' camp of a threatening character. It is said that the Irish party are cool-headed, is cool, though it costs the reputation of blood! Let not such threats intimidate any man from voting. This is a peaceful and orderly Republican assault and battery to-day—peacefully if he can, but quarrel if he must.

Shall They Ruin Our Credit?

In the face of this defalcation or misappropriation of the public money he comes before the people asking to be re-elected. Should he not be dismissed as an unworthy public servant who has violated his trust? Let him be called upon to settle with his successor.

LATER.

We learned last evening that the $1,000 was raised by subscription among leading Democrats, and tendered to Mr. TUTTLE between 7 and 8 o'clock. But that don't help matters. Three times the order was presented at the place of deposit, but was thrown out each time, because there was no money with which to pay it.

The fact of certain party friends of Mr. GLEASON lending him the $1,000, to help him beat the election, makes the matter worse rather than better. Where is the fifteen thousand dollars of the people's money which ought to be in the Treasury? That's the question.

That Bodel Collector.

Owen McCarthy is the man whom the Times has been puffing and extolling as the model Collector! the honest Collector! the Collector who brings the city into his debt upon settlements!

The other day we gave a list of citizens whom this Corkonian returned as delinquent, charged with not having paid their last years' taxes, viz: Julius S. Rumsey, S. D. Ward, Geo. Anderson, C. B. Brown, and Luther Haven. Since then we have heard of two more of these "delinquents" who have receipts; viz: Dr. John W. Eldredge, and H. J. Barnard.

Ex-Mayor Dyer is also returned as a delinquent. Does any man suppose that he did not pay his taxes last year? that the great Democratic Mayor of Chicago neglected so obvious a duty? We have not asked Mr. Dyer whether he has his receipt, but take it for granted, as a thing of course, that he has one. Now, this McCarthy who collects taxes from such men as Ramsey, Eldredge, Ward, Brown, Haven and Barnard, puts it into his own pocket, and returns them as delinquent, asks to be elected one of the County Justices at the election to-day!

An Incident of the Campaign.

[Special Correspondence.]

On Sunday evening last Tom Hoven and Pat Coyren made a canvass of the North Side large Lour saloons, haranguing and treating everybody old enough to vote, and filling them to repletion with horrible quantities of fluids, under the silly impression that they were humbugging the Germans to vote for MIKE GLEASON. Among other places where they made themselves more prevalent than popular, was a saloon on the corner of Clybourne Avenue and Larrabee street. Hoven went through his slang to a crowd of about thirty sedate Germans, and Coyren ordered beer for the crowd. When the harangue was entirely finished, Mr. Coyren lifted up his voice and invited "all good Democrats in the room to come up and drink *lor-ger*." Upcame two Irish—the only persons in the crowd—and drank with Coyren. Then thirty-seven Dutch & Irish, on those occasions, to imbibe on those conditions. One of these afterwards acknowledged that he was a Republican, but said that owing to the financial crisis, it became necessary for him always to drink at the expense of the opposite party when he could. Hoven and Coyren vacated the premises with all due precipitation.

Great Republican Demonstration.

The Republican rally at Metropolitan Hall was immense. Full 5,000 freemen took counsel together. The vast room was crowded to its utmost capacity, and hundreds went away unable to obtain entrance. Enthusiasm was at fever heat; cheer upon cheer greeted the "points" and "hits" made by the different speakers.

L. C. P. FREER, Esq., was elected Chairman, ALEX. WOLCOTT, Ald. WARD and J. W. WATSON, Vice Presidents, and E. ARMSTRONG and ANDREW NELSON Secretaries.

The meeting was addressed by Messrs. John Lyle King, Mayor Hopkins of Morris, John Wentworth, N. B. Judd, Wm. A. Brown, John A. Gurley, of Cincinnati, Mr. McGowan, R. C. Learned, and W. T. Barnes.

The speeches were able and stirring, and were constantly interrupted by the heartiest outbursts of applause.

After the speeches, Frank Lumbard was called out and sang the Star Spangled Banner and the Marseillaise in the most stirring style, the audience joining in the chorus with a will.

There has never been a more spirited or enthusiastic meeting in our city, and no one who attended could doubt that the spirit of freedom still lives, and that the great city of the North-west is still true to Liberty. The gathering was an earnest of what the people will do at the polls to-day.

The Michigan Southern Railroad.

The Directors of the Michigan Southern Railroad were still in session at 5 P. M. last night, at Toledo, during the day, William Walcott, of Utica, New York, (one of the Board) well known in the interior of the State, as a gentleman of large business qualifications and energy of character, was unanimously elected as Treasurer of the Company, and George H. Ford, of this city, as Secretary and Assistant Treasurer, to reside at Toledo as soon as he shall have settled his accounts. The Executive Committee, consisting of John B. Jervis, President, and John C. Wright, of Connecticut; H. Shirley, of Rochester; Russell Barrows, of Albion; and R. Gardiner, of Detroit, Directors, made report to the Board yesterday.

The whole future of the road depends now on the liberality of its creditors and the prompt relief which the Directors expect from its stockholders, if they desire to save it from sacrifice. To both are proffered second mortgage seven per cent. bonds, not to exceed three millions of dollars, on eighteen millions worth of property, which are not set up in the money market to be sacrificed during the present panic, but are offered to creditors at par, and to stockholders by paying a large proportion of their face in the present stock of the company (40 per cent. in old stock or 33 per cent. in preferred), thus giving interest on the total indebtedness of the road.—*N. Y. Tribune*, Oct. 31.

ASSAULT.—William Shaw was fined $25 in the Police Court yesterday, for assaulting officers with a wooden cane.

RUSH MEDICAL COLLEGE.—The winter course of instruction in Rush Medical College commenced last evening. Prof. N. S. Davis delivered the opening lecture in the college hall last evening. The class is already a large one, and rapidly increasing.

THE SUPREME CASE.—The case of John McCarthy, charged with the murder of Chas. Seiffert, at the last city election, was carried to the Circuit Court for trial, there not being time to try it in the Court of Common Pleas, before the term closes.

LARCENY.—Cornelius Desmond was brought before the Police Court yesterday and committed for trial, in default of $500 bail, upon a charge of stealing a watch and coat from the room of a guest at the Matteson House.

LARCENY OF MONEY.—John Jenkey was arrested and brought before the Police Court yesterday, upon a charge of stealing $50 from a man who he boarded with him. The accused was committed for trial in default of $600 bail. Another man was indicted in the Recorder's Court, at the last term, for stealing the same money, but acquitted.

INTOXICATE DEFENDANT.—A lad only fifteen years of age, named William Dunn, was found beastly drunk on Van Buren street, Sunday afternoon. He was brought before the Police Court yesterday, and fined $5 and costs, in default of payment sent to Bridewell. He had been formerly confined in the Reform School.

INSANE WOMAN ON THE CARS.—On the arrival of the train from Detroit yesterday, the conductor handed over to the custody of a policeman, a woman who was evidently insane and had set up some queer tricks upon the train. Soon after leaving Marshall she went into the ladies saloon, stripped off every stitch of clothing and then attempted to pass through the cars. She was seized by a brakeman and compelled to resume her clothing. She had $4 in money, a canvass bag of old clothing, and says she is in search of her sister who lives in Lasalle street. She was discharged from custody.

THE PROPOSED FIRE BRIGADE.—We have before alluded to the movement inaugurated by Mr. E. B. Ellsworth to form a fire brigade in this city. We have since obtained an outline of the plan from Mr. Ellsworth, and its simplicity and excellence will not fail to commend it to the favor of every citizen.

The Brigade will consist of one hundred picked men, invested with police powers, and divided into companies and squads, commanded by Captains, Lieutenants and Sergeants. There will be ten divisions of fifty men each. Four patent engines, two hook and ladder, and eight section of hose will attend. The Brigade will be commanded by one Chief and assistants, four Lieutenants and eight Sergeants. The squads will consist of any number according to the service required.

The Brigade will be provided with a carriage for carrying the apparatus; one fire escape apparatus; six ladders, 12 feet long, which can be connected; 12 fire axes; 6 large do.; one small block and tackle; 1 rope per bayards; 1 large hook and rope; 1 set hammock and ropes; 1 pair iron grapnels; 1 dozen iron jacks of different shapes; half dozen fire buckets; half dozen fire lanterns; two complete firemen's safety dress, made of rubber; two fine for blowing up buildings; wire cable half dor.; pickaxes; tarpaulings for covering goods, &c. &c.

The uniform will consist of a heavy drab pilot cloth box coat, a leathern helmet provided with a cape for the protection of the neck instead of the rim at once worn on the fire-hats; brass plates for the protection of the shoulders; a heavy leather belt with a sheath for a hand axe; dark pilot cloth pants and stout boots. Upon the front of the helmet is a brass plate with the words "Fire Brigade" and also the rank and number of the wearer.

The officers will have a general supervision of the men at work in raising property from buildings, and will be required to set a good example of coolness and presence of mind. They will be required to prevent, to the greatest possible extent, all hurry and confusion, and to select the most valuable goods for removal first, and, in the language of Mr. Ellsworth, "see that the men work in concert, and do not occupy themselves in removing rubbish or iron, stoves and other articles, which are nothing more valuable is to be found; and take especial pains to prevent the destruction of furniture, as it is not considered good policy to throw mirrors from fourth story windows, or, like "Dostick," have knock pianos to pieces in order to save the castors.

We have given a mere outline of the plan, but others glad to know that it has been fully explained by Mr. Ellsworth to many of our leading citizens, except members of the fire department and others, and meets with universal approval. The insurance agents say:

"We, the undersigned, having examined the plan proposed by E. B. Ellsworth, for the formation of a Fire Brigade, to act as special policemen on the occasion of fires, and being fully satisfied of the necessity existing for the organization in this city, have no hesitation in saying that we heartily approve of the project, and will give it our cordial support."

We learn, also, that Mr. Ellsworth has had an interview with the officers of the different fire companies, and that his plan meets with their approbation, excepting the officers of two or three of the rowdy companies.

Over fifty citizens have already joined the Brigade, and others have agreed to do so. This week a large number will be called, and the organization effected.

The following is a copy of the document which those volunteering to join the Brigade have signed:

We hereby, it is a well known fact that the losses by fires are greatly augmented in consequence of the impossibility of controlling the rabble who rush into the buildings, wantonly destroying large amounts of valuable property, and rarely have anything of any amount to compensate the firemen by surrounding them and getting in their way, and preventing any opportunity for the proper men, and the only ones to be allowed (who number before) to enter the building, for the want of discipline, and the lack of proper authority to control the crowd; and whereas, the utter impossibility of working effectually

In returning thanks to the Western Distillers, Brewers and Spirit Dealers, he would observe, that surrogate the mechanical finish of his instruments, they will bear favorable comparison with those having the names of "Adams & Taglabue" upon them, with more put together in the workshop of G. We wish to say to every person who reads this, that there is an article known as Dr. SEYMOUR'S LIVERPOOLS, OF LIVER REMEDY, which can be relied on as certain to cure Dyspepsia, Piles in any of its forms, such as Constipation, Flatulency, and numerous other complaints, described in another column, besides which, it is one of the greatest preparations or nerves for consumption, taken in early stages, that is now known.

We take it for granted, as experience has proven, that diseases of the lungs are not generally the first cause of consumption, but a debilitated nervous system, caused by the improper action of the liver, reducing the power of the lungs to resist or throw off diseases caused by cold and irritation, causing the lungs as the safety of one disease, because the same have not been protected them from pure atmosphere, and action or throwing off diseased matter caused by cold, thus to general consumption, cure the liver, and keep the system strong enough to throw off slight diseases or irritation.

There is not in the world a better liver remedy, or a cure for debilitated system, than Dr. SEYMOUR'S INVIGORATOR. Those who have fully tried it in lungs and consumption proclaim its results are fully known, and are now offered to the public as a tried remedy, and one that can be relied on. ☞ Cholera being the disease above all others most dreaded, it will be well for all to bear in mind that, as a preventive, Dr. J. Hostetter's celebrated Stomach Bitters stand at the head, and therefore all should keep a supply at hand during this warm weather. Its effect upon the stomach when first consumed by the cholera is almost infamous upon the system, is truly astonishing, and cannot be described, but felt when tried as per direction on the bottle. Further comment upon them would be superfluous in their virtues, as they are now, and for sale by dealers generally all over the United States. se15-d3w

Dalley's Magical Pain Extractor.—In all diseases requiring an outward application. Now, to allay inflammation, strike at the root of the disease—hence an immediate cure.

Dalley's Magical Pain Extractor will cure the following among a great multitude of diseases: Burns, scalds, Cuts, Colds, Sore Nipples, Croup, Rheumatism, Bruises, Scrofula, Bites, Poison, Chilblains, Piles, Sore Eyes, Gout, Swellings, Sprains, Salt-head, Salt-Rheum, Ringworm, Barber's Itch, Scald Head, Old Sores, Tetter, Fever Sores, Felons, Ear-aches, Pimples, Sore Nipples, Sore Throat, Quinsy, Mumps, Sore Breasts, Chapped Hands, Sore Lips, Kingworm, Barbers' Itch, Small Pox, Measles, Rash, &c., &c.

To some it may appear incredulous that so many diseases should be enumerated by one article; and we would say that when reflection points to the fact, that the salve is a combination of ingredients, each and every one applying a particular effect to its opposite disorder.

Dalley's Magical Pain Extractor is the effect in conglutination of the lymph, when the cure is effected. Nature and a permanent cure; and it is an existence, as it draws all disease out of the affected part, leaving nature so perfect as before the injury. It is scarcely necessary to say that no house, farm, shop or manufactory, should be one moment without it.

No Pain Reliever in creation values the test has since 1845 since pain suppression, and is only the basis of Henry Dalley, Manufacturer.

For sale by all the Druggists and patent medicine dealers throughout the United States and Canadas. Principal Depot, 198 Chambers street, New York.

How to Preserve Beauty.—Nothing is more charming in a man or woman than a beautiful head of hair, and a woman's beauty is certainly incomplete without a fair complexion, and he or she who neglects these great and important adornments of person soon experiences the mortification of premature baldness, and a wrinkled face and a native sear. Nothing is necessary to preserve these essential attributes but the use of Prof. Wood's Hair and Complexion Tonic.

Prof. Wood's Hair Restorative.—We have had occasion to use the preparation of Prof. Wood's, and after personally testing its qualities, we find that where the hair is in it will thicken it, if not it will restore it to its original color; likewise, it gives it a glossy appearance, as well as keeps the hair from falling off. The invaluable ingredients for sale at "Chicago Tea Store," south end second floor of Sherman and Shields streets, by Mr. J. C. Gross.—[Salt Chipper.

Fever and Ague.—Foremost among the valued remedies for this disease stands Dr. Shallenberger's Antidote. A few doses will cure any ordinary case, and one dose invariably stops the chills. It contains nothing in the least degree hurtful to the system under any circumstances, and may be taken with perfect safety by the most delicate female or infant. It is the original and only genuine Dr. Shallenberger's Antidote.

Lea & Perrins' Worcestershire Sauce.

The attention of Hotel Keepers, Proprietors of Chop Houses, Caterers for Clubs, Steamboats, and Private Families, is recommended to a trial of Lea & Perrins' Worcestershire Sauce. This unrivalled production by the sole manufacturers of the highest, rank as a pleasant, palatable, and wholesome Sauce, applicable to soup, fish, hot and cold meats, game, &c., is extensively used in all quarters of the globe.

The numerous "imitations" on both sides of the Atlantic speak loudly of its worth; and the best test is to order the only Noble condiment by its name, and to see that the wrapper, bottle, and label bear the names of Lea & Perrins, Worcester, and their signature, without which none is genuine.

Sold wholesale and for exportation by the sole manufacturers, Messrs. Lea & Perrins, Worcester, and Messrs. Crosse & Blackwell, London, and by Grocers and Oilmen throughout the world. se28-d&w1y

Chicago to Buffalo, Greeting.

On Friday last, the 30th, according to the official list of the Buffalo Express, some 20 vessels cleared by lake from Chicago, bearing from that city to that, 273,535 bushels of wheat, between 5,000 bills flour, 22,000 bushels of corn, and 14,000 bushels of oats, and a vast amount of other produce. And still there is produce left where that came from.

Last Spring's Vote.

As a basis of comparison between the election in Chicago yesterday, and last Spring, we publish the table of the majorities cast for Mayor in the different Wards.

How to Quiet Them.

The Irish can believe themselves upon election day as decidedly as other men, when they feel that certain punishment will follow their misdeed. Yesterday they kept sober; cracked no skulls, and only voted one time. No arguments convinces them so effectually as the certainty of being put into the "aw house" and compelled to peck limestone for a night. The certainty of this method of treatment has a very sobering and salutary effect upon their fine sensibilities, and keeps them from the perpetration of disturbances on election day.

They worked hard yesterday for their ticket, brought out the last vote they could reach; but they were duly sober and civil all day, attended to their own business, and let other people's alone.

The Vote Twice a Hard Water?

The N. Y. Semi-Weekly Post is anxious lest the result of that city may be obstructed during the coming winter by ice in the harbor. We comfort our contemporary, we will say, that in this region the knowing ones are expecting a mild winter. The corn husks are said to be remarkably thin—a sure sign, in rural districts, that the winter will not be severe.

A friend at our side assures us that the information, continued during a series of years, has given to a full belief in the reliability of this sign.

In connection we would also like to ask those who are scientific in matters of climate whether there is any reason to suppose that the dryness of several preceding seasons has anything to do in way of the cause, but with their coldness? or whether the grass and cabbage depend upon similar
